Anthony Patterson, pianist

As an artist-in-residence at Alma College, Tony Patterson has played an essential part in raising the bar for student achievement in every area of the Music Department. A great pianist who is equally at home in the classical and popular music worlds, Tony performs as a soloist and collaborative musician countless times each year. Acting as a coach/accompanist, he performs regularly with other professional musicians, accompanies Alma students in their recitals and public performances, works with students in preparation for jury exams, and adds many magical touches that make Alma Choir concerts sparkle.

The use of photographic and recording equipment is strictly prohibited.

We encourage you to support recycling.

Please leave the program cover in the Lobby.
